

+ BE YOURSELF – BECAUSE THAT’S HOW WE WANT YOU TO +

At Anexia, we take responsibility for all the **challenges of the digital world** – each and every day. That’s because we see ourselves as the **“Digital Transformation Engine”**. And how do we succeed in this mission? It’s simple. We are a family of facilitators with innovative ideas. We’re capable of, want to, and allowed to make things happen. That’s what makes us so unique! Do you want to be a part of our digital revolution and make history with us? **#joinourrevolution**

NETWORK SECURITY ENGINEER (M/W/D)

Klagenfurt, Vienna, Graz, Karlsruhe, Remote | full time

At Anexia, we operate a highly available infrastructure with over 1,000 managed firewalls in multi-tenant environments. Through standardized processes and ongoing automation in the background, we are able to operate security efficiently and stably on a large scale—while also providing room for technical development and exciting projects. If you like to take on responsibility and want to actively help shape modern security architectures, you've come to the right place.

#PROFILE

- Design, implementation, and operation of highly available firewall clusters in multi-tenant environments
- Configuration, documentation, and troubleshooting, including on-call support
- Development of modern security architectures (e.g., zero trust, network segmentation, VPN design)
- Consulting and technical support for our customers
- Further development and optimization of existing network architectures
- Independent project work (e.g., customer takeovers, new installations) and participation in automation initiatives

#WANTED

- Several years of relevant professional experience; completed technical training (apprenticeship, HTL, etc.) desirable
- In-depth knowledge of network technologies (ACL, NAT, VPN) and experience with security solutions and technologies (e.g., web filtering, IDS/IPS)
- Experience with Linux system tools and common monitoring applications
- In-depth knowledge of routing protocols (BGP, OSPF)
- Knowledge of Fortinet Firewall CLIs is desirable
- Experience in creating scripts in Python is an advantage
- High willingness to learn, reliable and accurate way of working
- Participation in on-call duty
- Very good written and spoken German and English skills

#REWARD

Anexia grew up as a family, and with our growth strategy, we intend to keep it that way. We like to take responsibility, respect one another, and we know that we can achieve whatever we put our minds to. We look after Anexia, and Anexia looks after us. Enthusiasm, experience, and competence count, so you can expect a fair salary and numerous benefits.

salary range

min. 54.000€

Our benefits

We are more than just a workplace. Therefore, we offer our employees many benefits (which partly depend on your position and location): good transport connections and flexible working hours. Period. Not to mention further training, a mentoring program, free parking, a mobile phone and notebook, snacks and drinks, company cars, employee events, a fun corner, ...
