

+ BE YOURSELF – BECAUSE THAT’S HOW WE WANT YOU TO +

At Anexia, we take responsibility for all the **challenges of the digital world** – each and every day. That’s because we see ourselves as the **“Digital Transformation Engine”**. And how do we succeed in this mission? It’s simple. We are a family of facilitators with innovative ideas. We’re capable of, want to, and allowed to make things happen. That’s what makes us so unique! Do you want to be a part of our digital revolution and make history with us? **#joinourrevolution**

KUBERNETES LEAD ARCHITECT (M/W/D)

Wien, Graz, Klagenfurt, Karlsruhe, Remote | full time

Do you think of Kubernetes not just in terms of operations, but as a strategic platform? Do you combine technological excellence with long-term vision, make well-founded architectural decisions, and take responsibility for stable, scalable cloud-native environments? Do you enjoy working autonomously, advising teams as a trusted technical partner, and maintaining high standards for quality, security, and sustainability? Then you are exactly right for us.

#PROFILE

- Technical leadership in the architecture, design, and strategic evolution of highly available, scalable, and secure Kubernetes environments
- Definition and enforcement of architecture standards, platform guidelines, and best practices
- Ownership of cluster topologies as well as network, security, and storage architectures
- Evaluation, selection, and introduction of Kubernetes ecosystem tools and platform components
- Coaching and technical guidance of DevOps and Platform Engineering teams

- Establishment and continuous improvement of GitOps and Platform Engineering approaches
 - Responsibility for technical documentation at architecture and decision-making level
 - Active evaluation of new technologies, trends, and risks in the cloud-native ecosystem and derivation of strategic recommendations
-

#WANTED

- Several years of experience designing and owning Kubernetes architectures in production-critical environments
- Previous experience in technical leadership roles or as a Lead Architect is a strong advantage
- Deep understanding of Kubernetes internals, scaling strategies, and cluster lifecycle management
- Strong knowledge of modern GitOps and CI/CD architectures
- Excellent Linux skills and solid experience with observability stacks (Prometheus, Thanos, Grafana)
- Experience with Infrastructure as Code and automation strategies (Terraform, Ansible)
- Strong understanding of security, compliance, high-availability, and resilience requirements
- Excellent communication skills to convey complex technical concepts to developers, management, and stakeholders
- Cloud certifications (CKA, CKAD, CKS, AWS/Azure/GCP Architect)
- Very good German and English skills

#REWARD

Anexia grew up as a family, and with our growth strategy, we intend to keep it that way. We like to take responsibility, respect one another, and we know that we can achieve whatever we put our minds to. We look after Anexia, and Anexia looks after us. Enthusiasm, experience, and competence count, so you can expect a fair salary and numerous benefits.

salary range

Our benefits

We are more than just a workplace. Therefore, we offer our employees many benefits (which partly depend on your position and location): good transport connections and flexible working hours. Period. Not to mention further training, a mentoring program, free parking, a mobile phone and notebook, snacks and drinks, company cars, employee events, a fun corner, ...
