

+ BE YOURSELF – BECAUSE THAT’S HOW WE WANT YOU TO +

At Anexia, we take responsibility for all the **challenges of the digital world** – each and every day. That’s because we see ourselves as the **“Digital Transformation Engine”**. And how do we succeed in this mission? It’s simple. We are a family of facilitators with innovative ideas. We’re capable of, want to, and allowed to make things happen. That’s what makes us so unique! Do you want to be a part of our digital revolution and make history with us? **#joinourrevolution**

SENIOR SOFTWARE ENGINEER CLOUD SERVICES - MANAGED DNS (M/W/D)

Vienna, Klagenfurt, Graz, Karlsruhe, Remote | full time

You have the claim and the will to constantly expand your knowledge and familiarize yourself with new topics and tasks. You already have experience in developing interconnected services, see complex problems as a challenge, and enjoy finding solutions. Then you are in the right place in the Anexia Service Development Team.

#PROFILE

In this role you become an active part of our DNS service team and help our team become better by contributing excellent code to a service that provides our customers a rock-solid foundation for their businesses.

The service you are working on is a set of multiple components distributed over multiple datacenters and continents and you are aware of the criticality this service has for our customer's businesses.

Being part of a small team of like-minded engineers you take ownership of parts of the service stack.

On a typical working day you implement features and improvements independently, debug issues, provide your insights during code reviews and conduct technical planning supporting the technical leadership.

You bring your skills to the table when another team member is stuck and lend a helping hand when needed.

#WANTED

- Good working skills in software development in either Python or Go
- Skills in developing and maintaining RESTful APIs
- Experience in automated software deployments, Ansible skills are a plus
- Basic understanding of DNS
- Strong working skills in GNU/Linux and a deep understanding of how the operating system, system services and the network play together
- Stability-focused mindset

#REWARD

Anexia grew up as a family, and with our growth strategy, we intend to keep it that way. We like to take responsibility, respect one another, and we know that we can achieve whatever we put our minds to. We look after Anexia, and Anexia looks after us. Enthusiasm, experience, and competence count, so you can expect a fair salary and numerous benefits.

salary range

min. 53.000€

Our benefits

We are more than just a workplace. Therefore, we offer our employees many benefits (which partly depend on your position and location): good transport connections and flexible working hours. Period. Not to mention further training, a mentoring program, free parking, a mobile phone and notebook, snacks and drinks, company cars, employee events, a fun corner, ...
