+ BE YOURSELF – BECAUSE THAT'S HOW WE WANT YOU TO +

At Anexia, we take responsibility for all the **challenges of the digital world** – each and every day. That's because we see ourselves as the **"Digital Transformation Engine".** And how do we succeed in this mission? It's simple. We are a family of facilitators with innovative ideas. We're capable of, want to, and allowed to make things happen. That's what makes us so unique! Do you want to be a part of our digital revolution and make history with us? **#joinourrevolution**

(SENIOR) SOFTWARE DEVELOPER GO - BIG DATA SYSTEMS (M/W/D)

Vienna, Klagenfurt, Graz, Karlsruhe, Remote | full time

Are you passionate about innovative technology, cloud services, and big data? Do you bring enthusiasm, a strong sense of responsibility, and a high standard of quality to your work? Are you a team player who enjoys working independently? If so, you're exactly who we're looking for!

#PROFILE

- Provision of a wide range of cloud services through self-service via the Anexia Engine cloud management platform (from core services such as domains and DNS to virtual servers and big data solutions)

- Development of concepts for modern and scalable data systems within the Anexia Cloud

- Operation and further development of various APIs and microservices (primarily using Go)

- Integration of streaming technologies such as Kafka and NATS, and database systems such as Elasticsearch, ClickHouse, and NoSQL into the existing Anexia system

- Establishment of structure and automation using Ansible and a strong

DevOps mindset

- Active contribution within a distributed, agile team in a flexible and innovation-driven work environment

#WANTED

- Solid experience with Kafka, NATS, Elasticsearch / OpenSearch, ClickHouse, and other (No)SQL databases, along with a strong understanding of database concepts (RDBMS, NoSQL, TSDB, Big Table)

- Proficiency with data visualization tools (e.g., Grafana, Kibana, Metabase)

- Familiarity with APIs (RESTful, gRPC)

- DevOps is more than a buzzword to you – it's your day-to-day reality ("You build it, you run it")

- Automation experience using Ansible

- Experience in developing middleware and microservices (programming language: Go)

- Excellent command of English; German language skills are a plus

#REWARD

Anexia grew up as a family, and with our growth strategy, we intend to keep it that way. We like to take responsibility, respect one another, and we know that we can achieve whatever we put our minds to. We look after Anexia, and Anexia looks after us. Enthusiasm, experience, and competence count, so you can expect a fair salary and numerous benefits.

salary range

min. 55.000€

Our benefits

We are more than just a workplace. Therefore, we offer our employees many benefits (which partly depend on your position and location): good transport connections and flexible working hours. Period. Not to mention further training, a mentoring program, free parking, a mobile phone and notebook, snacks and drinks, company cars, employee events, a fun corner, ...
