

+ BE YOURSELF – BECAUSE THAT’S HOW WE WANT YOU TO +

At Anexia, we take responsibility for all the **challenges of the digital world** – each and every day. That’s because we see ourselves as the **“Digital Transformation Engine”**. And how do we succeed in this mission? It’s simple. We are a family of facilitators with innovative ideas. We’re capable of, want to, and allowed to make things happen. That’s what makes us so unique! Do you want to be a part of our digital revolution and make history with us? **#joinourrevolution**

SENIOR PYTHON SOFTWARE ENGINEER - BARE METAL (M/W/D)

Vienna, Klagenfurt, Graz, Karlsruhe, Remote | full time

You have the claim and the will to constantly expand your knowledge and familiarize yourself with new topics and tasks. You already have experience in developing interconnected services, see complex problems as a challenge, and enjoy finding solutions. Then you are in the right place in the Anexia Service Development Team.

#PROFILE

As a senior software engineer you take on an active role in the development of our Bare Metal solution. Your excellent development skills help us ship a high-quality service and you contribute to the development of your team members. You become a central part of our engineering team and building the next generation of Bare Metal automation solutions. You will take on technical ownership of parts of the Bare Metal stack and help other team members grow. On a typical working day you will implement features and improvements independently, debug issues and support other teams using the stack, provide your insights in code reviews and conduct technical planning supporting the technical leadership.

#WANTED

- You have experience in developing interconnected service
- Good working skills in Python software development
- Skills in implementation of REST APIs
- Experience in automated software deployments, Ansible skills are a plus
- Understanding of bare metal technology
- Strong knowledge of GNU/Linux and a deep understanding of the interaction of operating system, system services and network

#REWARD

Anexia grew up as a family, and with our growth strategy, we intend to keep it that way. We like to take responsibility, respect one another, and we know that we can achieve whatever we put our minds to. We look after Anexia, and Anexia looks after us. Enthusiasm, experience, and competence count, so you can expect a fair salary and numerous benefits.

salary range

Our benefits

We are more than just a workplace. Therefore, we offer our employees many benefits (which partly depend on your position and location): good transport connections and flexible working hours. Period. Not to mention further training, a mentoring program, free parking, a mobile phone and notebook, snacks and drinks, company cars, employee events, a fun corner, ...
