

+ BE YOURSELF – BECAUSE THAT’S HOW WE WANT YOU TO +

At Anexia, we take responsibility for all the **challenges of the digital world** – each and every day. That’s because we see ourselves as the **“Digital Transformation Engine”**. And how do we succeed in this mission? It’s simple. We are a family of facilitators with innovative ideas. We’re capable of, want to, and allowed to make things happen. That’s what makes us so unique! Do you want to be a part of our digital revolution and make history with us? **#joinourrevolution**

LINUX CLIENT ENGINEER (M/W/D)

Vienna, Klagenfurt, Remote | full time

You have technical expertise in Linux desktop, central software management, security standards, and a good understanding of company-wide IT infrastructure. You impress with your independent and structured way of working, team spirit, analytical thinking, and high service orientation.

#PROFILE

- Definition, maintenance, and further development of the standardized Linux client based on Ubuntu
- Integration and management of centralized applications (e.g., VPN clients, browsers, office tools, security tools)
- Packaging, distribution, and updating of software (e.g., via Ansible, apt, shell)
- Ensuring operating system updates, patching, and security configurations
- Connection of the Linux client to our main infrastructure (e.g., LDAP, VPN, file shares, monitoring)
- Generation of installation and configuration routines as well as support for rollouts
- Technical documentation of the client platform and provision of self-service guides
- Close cooperation with the CorpIT service desk to analyze and resolve client-side issues

- Monitoring and optimization of stability, performance, and security of Linux clients
-

#WANTED

- Completed education in IT and in-depth experience with Linux desktops, ideally Ubuntu in a corporate context
 - Experience with configuration management (e.g., Ansible), shell scripting, and package management
 - Familiarity with client-side security (e.g., encryption, updates, access protection)
 - Understanding of network concepts (VPN, DNS, DHCP) and authentication methods (LDAP, Kerberos)
 - Experience with Git, CI/CD workflows, or software distribution is an advantage
 - Independent and structured way of working, Team player, analytical thinking, and high service orientation
 - Good written and spoken German and English skills
-

#REWARD

Anexia grew up as a family, and with our growth strategy, we intend to keep it that way. We like to take responsibility, respect one another, and we know that we can achieve whatever we put our minds to. We look after Anexia, and Anexia looks after us. Enthusiasm, experience, and competence count, so you can expect a fair salary and numerous benefits.

salary range

min. 44.500€

Our benefits

We are more than just a workplace. Therefore, we offer our employees many benefits (which partly depend on your position and location): good transport connections and flexible working hours. Period. Not to mention further training, a mentoring program, free parking, a mobile phone and notebook, snacks and drinks, company cars, employee events, a fun corner, ...
