anexia

+ BE YOURSELF – BECAUSE THAT'S HOW WE WANT YOU TO +

At Anexia, we take responsibility for all the **challenges of the digital world** – each and every day. That's because we see ourselves as the **"Digital Transformation Engine".** And how do we succeed in this mission? It's simple. We are a family of facilitators with innovative ideas. We're capable of, want to, and allowed to make things happen. That's what makes us so unique! Do you want to be a part of our digital revolution and make history with us? **#joinourrevolution**

SYSTEM ENGINEER - VIRTUELLE SERVER TEMPLATES (M/W/D)

Vienna, Klagenfurt, Graz, Karlsruhe, Remote | full time

You are a system engineer who specializes in providing virtualized server templates and already has experience using Packer. You are someone who enjoys working with different operating systems, has a passion for automation, and has a high implementation strength. Then you are exactly right for us in this position!

#PROFILE

The focus of this position is to provide customized **virtual server templates** for our internal and external customers. This includes the automatic deployment of machine images for various systems, as well as automation of software and update installations on clients and servers. You take **responsibility for the planning and execution** of deployments and **the definition of the automation policies** for the installation of various operating systems and post-installation tooling. You will also test and validate new operating systems on platforms, making necessary adjustments to the tooling and policy framework. To build, validate and deliver new images to our customers and systems in a fully automated manner, is what you aim for.

#WANTED

- Several years of professional experience in an IT environment (ideally experience in a similar role)

- Good knowledge of using Packer (cloud-init, kickstarter, etc. an advantage

- Experience with Linux automation and common scripting languages

- Very good knowledge in administration of common Linux distributions (Debian, CentOS, Ubuntu, etc.)

- Teamplayer and high sense of responsibility

- Service-oriented as well as independent way of working

- Very good knowledge of German and good knowledge of English

---

#REWARD

Anexia grew up as a family, and with our growth strategy, we intend to keep it that way. We like to take responsibility, respect one another, and we know that we can achieve whatever we put our minds to. We look after Anexia, and Anexia looks after us. Enthusiasm, experience, and competence count, so you can expect a fair salary and numerous benefits.

salary range

min. 49.000€

Our benefits

We are more than just a workplace. Therefore, we offer our employees many benefits (which partly depend on your position and location): good transport connections and flexible working hours. Period. Not to mention further training, a mentoring program, free parking, a mobile phone and notebook, snacks and drinks, company cars, employee events, a fun corner, ...
