

+ BE YOURSELF – BECAUSE THAT’S HOW WE WANT YOU TO +

At Anexia, we take responsibility for all the **challenges of the digital world** – each and every day. That’s because we see ourselves as the **“Digital Transformation Engine”**. And how do we succeed in this mission? It’s simple. We are a family of facilitators with innovative ideas. We’re capable of, want to, and allowed to make things happen. That’s what makes us so unique! Do you want to be a part of our digital revolution and make history with us? **#joinourrevolution**

CORPORATE IT ENGINEER (M/W/D)

Vienna | full time

As a Corporate IT Engineer at Anexia, you and your team will be responsible for the **operation, support**, and further development of the **company's internal IT environment**. This includes handling service requests, ensuring the stability and security of IT systems, and supporting employees in all IT-related matters in Windows, macOS, and Linux environments.

#PROFILE

- Handling **service requests** and incidents (tickets) in the client and application environment
- Supporting employees with IT problems (Windows, macOS, Linux, Office, and specialist applications)
- Management of user accounts, authorizations, and groups (**identity and access management**)
- Performing software and system maintenance
- Administration and **maintenance of hardware** (e.g., workstations, peripherals, mobile devices) and evaluation of new hardware and applications in a corporate context
- License and **application management**, including allocation, monitoring, and compliance
- Participation in vulnerability management (e.g., vulnerability assessment, patch management)

#WANTED

- Completed education in the field of IT and experience in IT support or IT operations in a corporate environment
- In-depth knowledge of Windows clients, good knowledge of macOS and Linux is an advantage
- Familiar with IT service management processes (e.g., ITIL)
- Understanding of networks, authentication methods, and security concepts
- Experience with ticket and license management systems
- Basic knowledge of vulnerability and patch management
- Structured, independent, and service-oriented way of working
- Ability to work in a team, resilience, and good communication skills
- Good written and spoken German and English skills

#REWARD

Anexia grew up as a family, and with our growth strategy, we intend to keep it that way. We like to take responsibility, respect one another, and we know that we can achieve whatever we put our minds to. We look after Anexia, and Anexia looks after us. Enthusiasm, experience, and competence count, so you can expect a fair salary and numerous benefits.

salary range

Our benefits

We are more than just a workplace. Therefore, we offer our employees many benefits (which partly depend on your position and location): good transport connections and flexible working hours. Period. Not to mention further training, a mentoring program, free parking, a mobile phone and notebook, snacks and drinks, company cars, employee events, a fun corner, ...
