At Anexia, we take responsibility for all the **challenges of the digital world** – each and every day. That's because we see ourselves as the **"Digital Transformation Engine".** And how do we succeed in this mission? It's simple. We are a family of facilitators with innovative ideas. We're capable of, want to, and allowed to make things happen. That's what makes us so unique! Do you want to be a part of our digital revolution and make history with us? **#joinourrevolution**

SYSTEM ENGINEER - VIRTUALIZATION OPERATIONS (M/W/D)

Wien, Klagenfurt, Graz, Karlsruhe, Remote | full time

Are you an experienced System Engineer with a passion for virtualization technologies, ready to take on a key role in shaping a high-performance infrastructure? If so, we look forward to receiving your application!

#PROFILE

- Shared responsibility for configuring, optimizing, and ensuring the smooth operation of our virtualization infrastructure based on KVM throughout its entire lifecycle

- Planning and implementing infrastructure changes, troubleshooting technical issues, and conducting in-depth root cause analyses

- Monitoring system performance and initiating proactive measures to optimize resource utilization, prevent bottlenecks, and ensure optimal performance of hypervisors

- Mentoring less experienced team members on technical topics

- Ensuring timely resolution of support tickets and adherence to SLAs in collaboration with the team lead

- Close collaboration with development teams providing tools,

automation, and hypervisor technologies

- Working closely with related operational departments (e.g., Windows, Linux, Network, Logistics) and actively contributing to cross-team collaboration

#WANTED
—

- Several years of experience in operating and troubleshooting complex virtualization environments (ideally KVM and/or VMware)

- Solid knowledge of Linux-based infrastructures, hypervisor technologies, and monitoring tools (e.g., Prometheus, Grafana, Zabbix, or PRTG)

- High level of personal responsibility, a hands-on mindset, and strong organizational skills

- Excellent communication skills

- Experience in incident, problem, and change management

- Willingness to participate in on-call duties

#REWARD
—

Anexia grew up as a family, and with our growth strategy, we intend to keep it that way. We like to take responsibility, respect one another, and we know that we can achieve whatever we put our minds to. We look after Anexia, and Anexia looks after us. Enthusiasm, experience, and competence count, so you can expect a fair salary and numerous benefits.

salary range

min. 55.000€

Our benefits

We are more than just a workplace. Therefore, we offer our employees many benefits (which partly depend on your position and location): good transport connections and flexible working hours. Period. Not to mention further training, a mentoring program, free parking, a mobile phone and notebook, snacks and drinks, company cars, employee events, a fun corner, ...
