anexia

+ BE YOURSELF – BECAUSE THAT'S HOW WE WANT YOU TO +

At Anexia, we take responsibility for all the **challenges of the digital world** – each and every day. That's because we see ourselves as the **"Digital Transformation Engine".** And how do we succeed in this mission? It's simple. We are a family of facilitators with innovative ideas. We're capable of, want to, and allowed to make things happen. That's what makes us so unique! Do you want to be a part of our digital revolution and make history with us? **#joinourrevolution**

TEAM LEAD VIRTUALIZATION PLATFORM (M/W/D)

Klagenfurt, Vienna, Graz, Remote | full time

As the team lead for our VSO team (Virtualization Stack Operations), you will take on the technical and organizational leadership of an 8-member expert team. You will be responsible for the stable operation and continuous development of our KVM-based virtualization platform - both strategically and operationally.

#PROFILE

- Management, further development and motivation of the team, organization of task distribution, capacity planning and know-how transfer
- Ensuring the reliable operation of our hypervisors
- Responsibility for the configuration and optimization of monitoring as well as for the analysis and rectification of technical faults
- Monitoring of system utilization, identification of bottlenecks and early scaling measures
- Organization of provisioning, maintenance and deprovisioning of hosts as well as planning and coordination of hardware replacements in our worldwide data centers
- Ensuring timely processing of support tickets and adherence to Service Level Agreements
- You work closely with the development departments, which provide tools, automation, and hypervisor technologies.
- Cooperation with related operational departments (e.g. Windows,

Linux, network, logistics) and active involvement in cross-team collaboration

#WANTED

- Several years of experience in operating and troubleshooting complex virtualization environments (ideally KVM and/or VMware)
- Solid knowledge of Linux-based infrastructures, hypervisor technologies, and monitoring tools (e.g. Prometheus, Grafana, Zabbix, or PRTG)
- Experience in leading or overseeing technical teams High level of personal responsibility, hands-on mentality, and organizational skills
- Strong communication skills
- Experience in incident, problem, and change management
- Willingness to participate in on-call duty

#REWARD

Anexia grew up as a family, and with our growth strategy, we intend to keep it that way. We like to take responsibility, respect one another, and we know that we can achieve whatever we put our minds to. We look after Anexia, and Anexia looks after us. Enthusiasm, experience, and competence count, so you can expect a fair salary and numerous benefits.

salary range

min. 60.000€

Our benefits

We are more than just a workplace. Therefore, we offer our employees many benefits (which partly depend on your

position and location): good transport connections and flexible working hours. Period. Not to mention further training, a mentoring program, free parking, a mobile phone and notebook, snacks and drinks, company cars, employee events, a fun corner, ...
